I return herewith the statement
of lands held by W.D. Devarey in
this Dist sent with your note of the 2nd
act. I made enquiries about
in the Bangalore and Mysore Taluqs
and W.D. Dasaramayyar Sub-division
about those situated in the Channarayana
Taluq. The figures given as showing
net profit appear to be correct excepting
in minor details here and there -
the title of W.D. to these lands is good
and they are unencumbered. The
market value of these properties I estimate
at Rs 8000 in all; distributed as follows -

Mysore 5400; calculating the

Mysore
8th January 1902

My dear Sir,

In reference to the accompanying
D.O. dated the 9th of October 1901 from Mr. M.
Shama Rao regarding the landed property
of Mr. D. Devaraj Rao, offered as security for
the repayment of the loan he has applied for,
I beg to report as follows:-

I have inspected all the lands, houses
and other buildings shown in the list which -
accompanied the said D.O. and made private
and Confidential enquiries, regarding the title,

and the market value. - I have also made a search in the Sub Registrar's Index Books to find out encumbrances if any. The result is embodied in the Statement herewith submitted.

It will be seen from the said Statement that the annual rental of the lands, houses and other buildings except the houses and Cattle shed which are in the occupation of the owner is Rs 8,672/-

This sum of Rs 8,672/- Capitalized at 4 per cent gives the value of the property as Rs 2,16,800/-. To this must be added Rs 30,000/- being

being the value of houses and buildings which do not at present fetch any income because of their occupation by the owner. The total value of the property is thus Rs 2,46,800/-.

In a transaction like this it seemed at first prudent to capitalize the income at 5 per cent, but having regard to the fact that the income is susceptible of considerable improvement under better management, I have adopted 4 per cent.

If the lands in question be placed under the management of our Amildars I have no doubt that the income will soon rise so as to pay off the debt (i.e. principal and interest)

in the course of about 20 years or so.

The encumbrances as ascertained from the Registration Department, and noted in the said statement, amount to Rs 48,000, but it is presumed that the object of the loan is - partly to discharge these encumbrances.

I am
Yours sincerely
Sd/- C. B. Sheoharin Rao.

Mysore.

Dated 11th January 1902.

My dear Sir,

Herewith I send you a Statement relating to the Properties belonging to Mr. Dalavoy Devaraja Wode in the Mysore and Hassan Districts received from Mr. C. B. Sheshagiri Rao, Assistant Commissioner, who was specially deputed by me to make a private and Confidential enquiry in the matter in both the Districts.

The aggregate annual net income

of the properties according to the statement received with your D.O. letter of the 9th.

October 1901 is Rs 9,638-1-8, but according to the figures furnished by Mr. Sheelagiri Das it comes to Rs 8,672-4-9, only.

There are also certain other discrepancies between the several items in the two statements referred to above which require some explanation.

Krishnarajpete Taluk.

In your Statement Jinakere (item 103) is shown as one of the villages in the Krishna-rajpote Taluk, but in the statement furnished by the Officer Conducting the enquiry, it is shown

as Malligere. The latter is the name of the
Abli village to which the former also known
as Benakere village is attached.

(Item 10 4). Kalale thota is not the name
of any village but is apparently the name of
the garden in the occupancy of Mr. Devaraja Rao
in the village known as Kannambadi Nala.

Mysore Taluk

In your Statement metagalli wherein
Mr. D. Devaraja Rao owns land to the extent
of $\frac{A}{2} - \frac{G}{33}$ assessed at Rs 4-4-9 finds no place.

Seringapatam Taluk

9 Guntas of land assessed at Rs 1-8-4 of
the village of Karamanti, which is also in the

enjoyment of Mr. Devaraja Rao is not shown in your statement. According to Mr. Seshagiri Rao's statement no por lands situated in Hosahalli are in the occupancy of the gentleman referred to above. The statement furnished by you needs correction in other respects also as may be seen on a comparison with the statement furnished by Mr. Seshagiri Rao whose figures may be accepted as reliable as they are based on his personal enquiries.

The net result is that the estate in question may fairly be taken as being worth Rs 2,46,800. Only two items of debt are mentioned by Mr. Seshagiri Rao, one of Rs 2000/- and the

other of Rs 45000/- The latter sum which represents the principal has since risen to Rs 50,339-10— inclusive of accrued interest as stated by Chabu Mezah. I have not been able to get similar information in regard to the former debt, but as the amount is small I have not thought it necessary to delay this report on that account.

Copy of Mr. Assistant Commissioner Sheshagiri Row's D.O. letter of the 8th instant reporting the results of his enquiry into the matter is also herein

Rs. 510-4-2

Calculating the value at Rs.100/
for every Rs.6 of Net income."

The Deputy Commissioner has not included the Bungalow on the Race Course Road in his estimate, nor has he given a separate estimate for the same.

As regards the properties in the Hassan and Mysore Districts, the aggregate annual net income according to Mr. Devaraja Urs' statement is Rs. 9638-1-8, but according to the figures furnished by Mr. C. B. Seshagiri Rao who was deputed by the Deputy Commissioner to make the enquiries, it comes to Rs. 8672-4-9. A few discrepancies in the properties mentioned in the list furnished by Mr. Devaraja Urs are also pointed out. Mr. Seshagiri Rao considers that the sum of Rs. 8672/ capitalized at 4% gives the value of the property at Rs. 2,16,800. To this must be added Rs. 30,000/- being the value of houses and buildings which do not at present fetch any income because of their occupation by the owner. The total value of the property is thus Rs. 2,46,800. "In a transaction like this it seemed at first prudent to capitalize the income at 5%; but having regard to the fact that the income is susceptible of considerable improvement under better management, I have 4/

adopted 4 per cent. If the lands in question be placed under the management of our Amildars, I have no doubt that the income will soon rise so as to pay off the debt (i.e. the principal and interest) in the course of about 20 years or so."

The total annual net income is Rs. 510-4-2 + Rs. 8672-4-9, or a total of Rs. 9182-8-11. The total estimated value of the properties, except the Race Course Bungalow, is Rs. 2,54,800. The total amount of debts with interest on 1st September last was Rs. 2,87,324-13-6. In Mr. Basappa Urs' File, S1:24, it is stated that under the rules for the relief of encumbered Inamdars, Government cannot grant a loan of more than 12 times the net beriz after deduction of all expenses.

Note continued-

The Palace Stipend is Rs.872/ a month or Rs.10,464 annually; the annual income from the lands is Rs. 9182-8-11 or a total of Rs.19646-8-11. If the annual instalment is taken at Rs.19,000/- and the loan at ~~Rs.~~ Rs. 2,87,000, then we get the following results:-

Mysore
8th June 1903.

My dear Sir Donald,

In pursuance of the conversation I had with you on the day I left Ootacamund I beg to send herewith three office notes which explain all about the loans applied for by Mr. Dalvi Devaragars, Mr. Nanjappa's husband of her business the Maharani's late sister and Donkshi Busrubpaji Ars. As I told you it is a matter of extreme necessity with Mr. Dalvi and if he is to continue in the Public Service and do his work efficiently he requires to be relieved. The family is as you know one of great antiquity and importance in Mysore; and for various reasons Mr. Dalvi deserves help from Government. The value of his property covers the amount of the loan and as the latter will be reduced year by year the security need not be considered insufficient.

The Case of Mr. Nanjappa,

and his brother is really hard.
The former is as you know very
ill and for the present at all
events incapacitated from doing
any work. He was struck by
paralysis and is confined to
his house. He lost his wife
and his circumstances are pitiable.
His family also ranks among
the best in Mysore and deserves
the indulgent consideration of
Govt. There is security enough
for the debt applied for.

Bakshee Basappa's is
a hopeless case. If it is possible
he deserves to be relieved. Her
Highness the Maharani was
very anxious to help him. If
you agree with me we may
appoint a couple of trustees
to sell all his property and
with the money realized to
pay as much debt as is possible.
This requires time and we may
therefore fix a limit within which
we may advance him or

rather the trustees, the money
which may be utilized for paying
off the clamorous creditors
who must of course be pre-
pared to forego some proportion
of their debts.

The details may be worked
out if the principle is approved.

Yours V. Truly.
J. P. K.

BANGALORE.

June 23 - 1907

My dear Mr Krishna Venkiah.

I kept your letter of the 8th June with

(unreturned)
its enclosures, & discuss the case with you.

It would in my opinion be desirable that the advances
required by the three gentlemen named should, as they are
to be helped because they are intimately connected with the
Palace, be made from the funds standing to H.A. personal
credit - but if, as I understand from you, there may in that event
be difficulties in the way of realization, the advances to be made
by the State should be adequately secured, and the whole

arrangement be regulated by clear agreements on business like
terms. I mean anything in the name of charitable relief should
be carefully avoided.

In Mr. Dalosi's case I presume that the advice
which he was sent the State has assumed possession of the
landed property - the office note of the 10 June appears to
contemplate the payment of money to the Dalosi as soon as
the mortgage debt has been cancelled - Why should the
money be paid direct to the creditors, and the Dalosi
thereby control the whole operation? I doubt whether it
would be desirable to exempt the whole of his Police stipend -
for should the loan be repaid during his lifetime the

Police were probably here because for the support of his family.
Half of the stipend might however be taken - as his part the
Debris, who but for the assistance it is proposed to give him
could not continue in the service of the State, should I think
execute a solemn agreement promising ^{to him on his income; and} that under no
circumstances whatever will he incur any further liability;
and that should he do so he will at once vacate his appointment
in State service - It is bad policy to make the process of
obtaining freedom from liability too easy for him -

The foregoing remarks apply as well also to the Nanjing case.
I agree with what was proposed for the Nanjing
case obviously only be insisted provided his affairs are placed in

liquidation in the hands of Trustees. applied by the Bankers.

Yours

W. J. Buchanan

6. VII. 03*

Enclosure *B* is a list of the immovable property owned by Mr. Devaraja Urs in several of the Taluks of the Mysore, Bangalore and Hassan Districts. Mr. M. S. Narain Rao, the Deputy Commissioner of Bangalore and Mr. Dorasawmy Iyer, Sub-Division Officer, who made enquiries about the title and value of the lands situated in the Bangalore District consider that the title is good and that the lands are unencumbered.

from them

The annual income at present, as given by Mr. Devaraja Urs, which is accepted as correct on the whole by the above two officers is ₹510 - 4 - 2 . The market value of these properties is estimated by them at ₹8,000, calculating the value at ₹100 for every ₹6 of net income. The Deputy Commissioner of Bangalore has not included in his estimate the Bungalow on the Race Course Road in Bangalore, nor has he given ^a separate estimate for the same.

As regards the properties in the Mysore and Hassan Districts, the aggregate annual net income according to the statement furnished by Mr. Devaraja Urs is ₹9,638 -1 - 3 , but according to the figures furnished by Mr. C.B. Seshagiri Rao, Asst. Commissioner, who was deputed by the Deputy Commissioner of Mysore to make the necessary inquiries in the above two Districts, it comes to ₹8,572 - 4 - 9 . A few discrepancies in the properties mentioned in the list are also pointed out by Mr. Seshagiri Rao. This officer considers that having regard to the fact that the income from the lands is capable of considerable improvement under better management, the same may safely be capitalized at 4%, which gives the value of the property at ₹2,16,800. To this must be added ₹30,000 being the value of houses and buildings which do not at present fetch any income because of their occupation by the owner himself. The total value of the properties is thus ₹2,46,800,

which.

Mr. Devaraja Urs, who but for the assistance now given, could not continue in the service of the State, the necessity of his executing a solemn agreement promising to live on his own income, that under no circumstances whatever will he incur any further liability, and that should he do so, he will at once vacate his appointment in the State service.
